## Hollywood's The Dorothy

Monday, March 16, 2009, by Dakota

Check out the rather dapper-looking Dorothy, an 8-unit residential building at 1724 N El Cerrito Place. "Take a look at the photos - they say a thousand words. Charming Hollywood Regency Style, Pride of Ownership apartment building built in 1939, in an excellent Hollywood location. A stunning asset with elegant construction and beautiful street appeal. Recent renovations have brought out the property's rich detail and very unique character. There is simply no property like this one, on the street or in the area.
